“ We really love our work.
We only think about our work and this alone.
Thus even when it seems that we have reached the top,
we are never satisfied as we are convinced that there is
always room for improvement, be it some small detail,
perhaps insignificant for others, but not for us. ”

9PERFORMANCE COLLECTION

Reducing the mass of the wheel does not only mean reducing the total mass of the vehicle: above all it means reducing the unsprung mass.

Reducing the weight of the unsprung mass ensures better grip of the tires on the road surface.

Ridurre la massa della ruota non significa soltanto ridurre la massa totale del veicolo: significa soprattutto ridurre la massa non sospesa.

La riduzione del peso della massa non sospesa assicura una migliore aderenza degli pneumatici sulla superficie stradale.

Um die Radmasse eines Fahrzeugs zu verringern, reicht es nicht aus die Gesamtmasse zu verkleinern. Man muss vor allem die ungefederte Masse minimieren.

Die Gewichtsreduzierung der ungefederten Masse, garantiert dann eine bessere Ruhereibung des Reifens auf der Straßenoberfläche.

FORGED COLLECTION

Calling it “exclusive” might be reductive: Forged is synonymous with haute couture, as it offers four styles of light alloy forged wheels which are literally tailor made.

The alloy wheel now embodies the luxury of being inimitable, expressing the uniqueness of its user.

Definirlo “esclusivo” potrebbe essere riduttivo: Forged è sinonimo di alta moda, perché offre quattro modelli di cerchi in lega leggera forgiati che sono letteralmente fatti su misura.

Il cerchio in lega ora incarna il lusso di essere inimitabile, esprimendo così l'unicità di chi lo sceglie.

Es als “exklusiv” zu bezeichnen, könnte etwas einschränken: Forged ist ein Synonym für High-Fashion, denn es bietet vier Modelle von geschmiedeten Leichtmetallfelgen, die buchstäblich maßgeschneidert sind.

Der Legierungskreis verkörpert nun den Luxus, unnachahmlich zu sein und damit die Einzigartigkeit seiner Wahl zum Ausdruck zu bringen
